

Parent University offers opportunities for parents and caregivers to continue their learning. Parent University events and presentations are facilitated by community professionals, school district staff and parents. Parents and caregivers are welcome at all courses, regardless of the schools their children attend.

## 2017–2018

### March 14th 2018: “More than SAD”

*American Foundation for Suicide Prevention discusses when negative emotions become depression and how to tell the difference.*
