

Dear Friends,

The Moreau Community Center's goal is to make sure that all our friends and neighbors in the South Glens Falls School District who are in need will receive the help they need this holiday season.

Last year, with your help (time, monetary donations, and assistance with gifts), we were able to provide families with a great holiday experience.

For Thanksgiving, we assisted with 474 meals (67 elderly, 197 adults, 210 children), and for Christmas 177 families (67 elderly, 199 adults 218 children) were provided meals and gifts.

With the holiday season just around the corner, let's band together to lend a helping hand to our neighbor.

Please find attached the "Dates to Remember" form should you wish to contribute again this year.

Thank you for your continued support of this worthwhile program.

Sincerely,

**Rosemary White**
