

Kids Korner 2023-2024

Welcome to Kids Korner! We are excited to continue to offer our before and after school program in the South Glens Falls School District.

Our goal is to offer a safe and interactive program for your childcare needs, in the comfort of their home school. The children will be offered a variety of activities including crafts, and games. Children may also use this time to complete their homework if they choose. We pledge to make your student's care and well-being a top priority and to communicate openly.

Our program will continue to follow the school calendar at each South Glens Falls Elementary School and will comply with certain school policies and procedures which include safety, dress code, illnesses, delays and snow-days, etc.

Please pay particular attention to the Behavior Management Policy. In an instance where your child behaves in such a way to require suspension, you are responsible for alternate care arrangements.

We have included all the information about our program in this handbook and welcome you to reach out and ask any additional questions. Please turn in the application, including any pages requiring signatures. The rest is your Parent Packet information to keep.

Thank you for choosing to send your child(ren) to Kids Korner!

Sincerely,

Donna Nichols
Executive Director

Jenn Rich
Youth Director

Eligibility:

Children enrolled in the South Glens Falls School District in grades K-7.

All returning Kids Korner children must have a zero balance to enroll for the 2023-2024 school year.

Location:

The Kids Korner program is housed at each South Glens Falls Elementary School. Oliver Winch Middle Schools students can walk the half-mile to Harrison Avenue Elementary school up to the age of 13. If your child(ren)'s home elementary school was Ballard, they can be bussed to Ballard Elementary.

Illness:

To ensure all children are healthy during our program, we ask that you follow the school's illness policy and the any COVID-19 protocols, if still in effect.

If a child becomes ill or is injured during our programs, we will contact you. If we are unsuccessful, we will contact documented emergency contacts. Children will be cared for and monitored in a separate and quiet area until they can be picked up.

Please note that we are unable to administer any medications, unless in an emergency.

Registration:

Registration is preferred to be done in person at the Moreau Community Center. A new application and payment contract must be completed at the beginning of each school year. If you are unable to make it in person, please mail your completed application.

Upon registration there is a \$25.00 per family non-refundable fee. The first full week's payment is also due upon registration.

Dress Code: The Moreau Community Center follows the polices of the South Glens Falls School District.

Hours:

AM Program:

The morning program will begin at 7:00am until the school day starts (varies depending on Elementary School).

If the school district is delayed, Kids Korner is delayed for the same period of time. For example, if the school calls a two-hour delay, the AM program will open at 9:00am.

PM Program:

The afternoon program will begin immediately following the end of the school day and will be available until 6:00pm.

If afternoon school activities are cancelled, the PM program will remain open.

If school closes early, due to inclement weather or other emergency, no PM program will be available.

When the school has scheduled half days, we will offer an extended PM program. Separate sign up information and fee details will be communicated, as necessary.

When the school has a snow day, we will not have a Kids Korner program.

Kids Korner will also be closed during school Holidays/superintendent's days.

If your child(ren) is not picked up by 6:00pm, a \$25.00 late fee will apply. If we are unable to reach parents/guardians or anyone on the emergency contact list by 6:30pm, we will alert the local authorities.

Program Fees:

Kids Korner provides flexible fees based on individual family needs.

Weekly Fee:

AM and PM Program = \$155 per child; \$285 for two children

AM Program Only = \$70 per child; \$60 each additional child

PM Program Only = \$85 per child; \$70 each additional child

Daily Fee:

AM Program = \$14 per day; \$12 each additional child

PM Program = \$17 per day; \$14 each additional child

Breakfast/Snacks:

The breakfast program is provided by the school.

A healthy snack will be provided in the PM program. If your child would prefer to bring his/her own snack, he/she is welcome to do so.

Requirements:

Please leave personal belongings (toys, electronics, etc.) at home or in backpacks. E-readers and chrome books are approved for homework use.

Kids Korner will follow the same dress code policy as the South Glens Falls School (for example, no hats).

Appropriate footwear must be worn in the gym and on the playground. (e.g. no sandals)

Student Cell Phone Policy:

Cell phones are allowed for middle school students that are coming to the pm program (Harrison or Ballard) to check in with their parents/guardians upon their arrival of the program.

If they feel that they need to use their phone during the program, they will need to go to one of the staff members at the program. The staff member will take the student to a quiet location where they can have a brief private conversation, while still being monitored and then return to the group.

Elementary students, grades K-5 must leave their cell phones in their backpacks during the Kids Korner program. If parents/guardians need to be reached during the program time, staff have that information and will use the school phone or their own personal cell phone to communicate with parents/guardians.

If a student has a cell phone out, they will be asked to put it in their backpack. If the student does not comply after three warnings by Kids Korner staff, the cell phone will be taken by the team leader and held at the sign out post until the student's parent/guardian arrives at pick up time.

If a cell phone is collected from a student during the morning program, the team leader will bring the cell phone to the main office when the bell rings.

Additional information:

All changes to this application during the school year such as changes to the authorized pick-up list, emergency contacts, addresses, email, employment changes, etc. must be recorded at the Moreau Community Center as soon as possible.

Behavior Management Policy

Kids Korner is regulated by Office for Children and Family Services (OCFS) regulation 414.9 and provides staff with guidance and tools for managing the behavior of the children in our Kids Korner program. The policy will outline approaches for handling behaviors and assisting children with making good choices and solving problems. Every parent or guardian will receive a copy of the behavior management policy prior to registration and will be asked to sign that he/she has reviewed the policy.

Children will be provided with guidelines of acceptable behavior. These guidelines will be reviewed with children as a group on the first day of the program, and as needed either in a group setting or with individuals throughout the duration of the program/school year. Included will be examples of behaviors which are unacceptable. Any behavior which results in intentional injury or aggression to another child will prompt a communication with the child's parent/guardian.

All program staff will be responsible for providing a positive and nurturing environment for children. Staff may use teachable moments to assist children with developing self-control and assuming responsibility for his or her actions. If a child needs to be addressed regarding behavior, the staff member will separate the child from the group and speak to him or her privately.

Techniques for staff to utilize include, but are not limited to:

- Be engaged and interested with and in children
- Set clear expectations and reinforce these expectations
- Show concern for what happens with children
- Recognize and be aware of developmental stages of children
- Redirect and distract from problematic situations
- Focus on what the child "should do", not what he/she "shouldn't do"

Conflict Resolution: Children are still learning to safely and constructively resolve conflicts with each other. Learning how to resolve conflict is a significant piece of our behavior management policy. Staff have received training on how to help children verbally express their thoughts and feelings, understand the perspective of others, and come up with solutions to avoid conflict

Bullying: Bullying is demeaning or harassing someone over time in order to make them feel "less than." Any instances of true bullying behavior should be communicated to the Director as soon as possible and appropriate action will be taken to address the situation.

At times, physical intervention may be necessary, however intervention is the act of preventing serious injury by using contact in a short-term situation. If a child is attempting to hurt himself or others, staff should intercede as soon as possible to prevent injury.

When a child's behavior harms, or is likely to harm, another child, damages property, or is seriously disrupting the group interaction, the child will be separated briefly from the group. The duration of the separation should be only long enough for the child to regain self-control so he or she can rejoin the group. The child must be placed where staff can see him or her. One staff member should talk to the child and help guide the child toward making better choices. Taking away activities, gym time, or any other punitive actions is prohibited.

If a child's behavior becomes dangerous or problematic beyond a single incident, staff will notify the Director who will consult with the Executive Director and the parent/guardian to address the problem in a timely manner. Any behavioral incidents will be documented on the required form. A copy of this form will be provided to the child's parent/guardian.

Suspension from the program will be avoided unless a child's behavior is consistently dangerous or persistent. The Executive Director and the Program Director will discuss these situations with parents/guardians, as needed. **A child can/may be suspended on a first-time offense if the behavior has been determined to be disorderly and/or cause harm to themselves and/or others.**

414.8 Supervision of Children

- Children cannot be left without competent direct supervision at any time. Competent supervision includes awareness of and responsibility for the ongoing activity of each child. It requires that all children be within a teacher's range of vision and that the teacher be near enough to respond when redirection or intervention strategies are needed. Competent supervision must take into account the child's age emotional, physical, and cognitive development.
- School-age childcare programs must employ staff who will promote the physical, intellectual, social, cultural and emotional well-being of the children.
- The school-age childcare program must provide supervision of the staff responsible for the care of children. Workloads and assignments must be arranged to provide consistency of care to children and to allow staff to fulfill their respective responsibilities.
 1. No person other than a director, group teacher or assistant teacher may supervise a group independently even for brief periods of time, except in an emergency.
 2. No person under 18 years of age may be left alone to supervise a group of children at any time, including in an emergency.
- A group teacher, meeting the qualifications of section 414.13, is required for every group of children.
- An additional group teacher or an assistant teacher is required when the number of children in the group dictate that a second teacher be present to meet the teacher/child ratio.
- Whenever the school-age childcare program is in operation and the director is away from the premises, there must be a staff person to act on behalf of the director, who is knowledgeable about the programs operation and policies.

- A staff person who is qualified to perform the duties of an absent staff member must be provided when needed to comply with the applicable teacher/child ratios.
- In other than emergency situations such as illness or accident, parents must be notified in writing 2 weeks prior to any long-term absence of the teachers. This notice must include specific start and end dates of the absence and who will be taking the teacher's place in the day care program.
- When a school-age childcare program is in operation, an adequate number of qualified staff must be on duty to protect the health and safety of the children in care.

Minimum Supervision Ratios Based on Group Size

AGE OF CHILDREN	TEACHER/CHILD MAXIMUM RATIO	MAXIMUM GROUP SIZE
through 9 years	1:10	20
10-12 years	1:15	30

*Please note: The Moreau Community Center follows the best practice of maintaining a 1:10 ratio.

The supervision ratios are as follows:

1. For a child of school-age through the age of nine years old:
 - i. There must be one teacher for every ten children;
 - ii. The maximum group size is twenty children
2. For children between the ages of ten years old and twelve years old:
 - i. There must be one teacher for every fifteen children;
 - ii. The maximum group size is thirty children.

Group size and mixing different age children within groups.

- Group size refers to the number of children cared for together as a unit. Group size is used to determine the minimum teacher/child ratio based upon the age of the children in the group.
- Group size must be maintained in common areas of the building and grounds.
- Groups of children may not be mixed together to use outdoor play areas, exercise areas, gym rooms or other common areas of the center unless, the space is large enough to accommodate multiple groups which must be kept separate.
- When a school-age childcare program cares for children in groups including children both over and under 10 years of age, the teacher/child ratio used must be that ratio applicable to the youngest child in the group.
- There must be a director, group teacher or assistant teacher supervising all applicants, volunteers and persons in the process of approval.

- The use of any type device for social or entertainment purposes, listening to music on headphones, playing screen games, using the internet or making personal calls while supervising children is prohibited. The use of mobile phones is permitted as necessary to promote the children’s safety and ensuring the orderly operation of the program.
- The director must approve all plans for field trips, including the type of activity, development needs of children and whether there is the need for additional staff to provide adequate supervision. Such plans must take into consideration the developmental needs of the children.

Below is an example of the health screening sheet:

Kids Korner Weekly Health Screening Sheet

*This sheet is for children that arrive at the program and appear ill or have a new injury (bruise, abrasion, etc)

Releasing children from care.

- No child can be released from the school-age child care program to any person other than his or her parent(s), person currently designated in writing by such parent to receive the child, or any other person authorized by law to take custody of a child.
- No child can be released from the school-age childcare program unsupervised except upon written permission of the child's parent. Such permission must be acceptable to the school-age childcare program and should take into consideration such factors as the child's age and maturity, proximity to his or her home, and safety of the neighborhood.
- When transportation is provided as a service by the program, no child can be released from the day care program directly to the child's home or other destination without first verifying that the parent or person(s) designated by the parent to receive the child is present at that destination to receive the child.

Visitor control procedures.

- Each school-age childcare program shall require any and all visitors to the facility to:
 - sign in upon entry to the premises.
 - indicate in writing the date of the visit and the time of entry to the facility;
 - clearly state in writing the purpose of the visit; and
 - sign out upon departure from the facility indicating in writing the time of departure.
- Each school-age childcare program shall establish written rules and policies as are necessary to provide for monitoring and control of visitors to protect the health, safety and welfare of children in care.
- A teacher must accompany children to the bathroom whenever the bathroom used by the children in care is also available to the public or shared by multiple parties using the facility.
- When bathrooms are exclusively used by the children at the school age childcare program, children may go to the bathroom independently under the following circumstances:
 - the bathroom entrance is within sight of the childcare space or activity area being used at the time the child asks to use the bathroom; and
 - the child has permission from the teacher; and
 - a plan is followed that allows one child at a time to use the bathroom; and
 - there is a plan followed that requires a teacher to be mindful of the time elapsing since the child left to use the bathroom; and
 - that a teacher go find the child using the bathroom, if that child does not return to the group after a reasonable time period has elapsed.

OFFICE OF CHILDREN AND FAMILY SERVICES

EMERGENCY PLAN: Shelter in Place

- INSTRUCTIONS**
- Emergency Plan includes Evacuation and Shelter in Place
 - Use the information on this page to assist you in answering the questions on pages 2 and 3 of this form
 - You must share this information with parents
 - Depending upon your location, you may want to develop additional plans for special circumstances (*weather, power plants, hazardous spills, etc.*)

What is Shelter in Place

Shelter in Place is a response to an emergency that creates a situation in which it is safer to remain in the building rather than to evacuate.

Generally, Shelter in Place means simply staying indoors. In some situations, sheltering in place includes additional precautions like locking all doors, closing all window shades, remaining in a room away from large windows or turning off heat and air conditioning systems. Most situations calling for sheltering in place are in response to events that have a relatively short duration of hours, not days or weeks. A Shelter in Place **drill** does not include an overnight stay and typically requires no more than a half an hour to complete.

When to Shelter in Place

Some situations that might require sheltering in place are:

- Severe weather conditions
- Extreme temperatures (*cold or hot*)
- A public disturbance that escalated to violent acts
- Chemical or biological spill
- Rabid animal sighting

Local authorities will provide you with information during an actual event. It is crucial that you follow

their instructions during and after emergencies regarding Shelter in Place.

Where You Can Shelter

Choose room(s) in your house or apartment for your shelter with as few windows and doors as possible. A large room, preferably with a water supply, is desirable – something like a master bedroom that is connected to a bathroom.

Different emergencies may require a different response.

You should follow the directions provided by your local emergency services.

Design Your Plan

- Designate safe location within the home
- Method used to alert children, caregivers and household members of emergency
- Method to ensure everyone is moved to a safe location (*using daily attendance sheet, performing room searches and head counts, etc.*)
- Method to alert emergency responders (*who calls 911 and how, if needed*)
- Identify how you will ensure everyone arrived safely at safe location (*using daily attendance sheet and head counts, etc.*).

- Method to engage children in quiet, safe activities while providing competent supervision.
- Method to inform parents in advance of your drills as well as during an actual emergency.

Sheltering Supplies

You must have on site a variety of supplies including food, water, first aid and other safety equipment. In a real emergency, parents may be unable to pick up their children. For this reason, your plan must take into account a child's needs for an overnight stay. You must be ready to provide continuous care for the duration of the emergency. Food supplies must be nonperishable and of sufficient quantity for all children in care.

Required Items

- First aid kit
- Telephone
- Flashlight with extra batteries
- Food & Water
- Infant supplies (*if applicable*)

Items to Consider

- Toileting/diapering supplies
- Battery-powered radio
- Materials to cover windows & vents, if needed
- Games & books
- Medications (*if applicable*)

The Office offers emergency preparedness training available on our website.

Practice, Practice, Practice!

It is necessary to perform & document drills twice per year. The drill form is available online.

Parents must be notified in advance of your Shelter in Place drills.
